To Whom it May Concern,

Re: C-PAP Machine (Medical Equipment)

Mr./ Mrs

This is to certify that the above named has been diagnosed in our sleep laboratory as suffering from Sleep Apnea Syndrome.

In order to treat this condition we recommend that he/she will use a C-PAP (Continuous Positive Airway Pressure) device, with a mask, and must travel with the device at all times.

Sincerely yours,

Mordechai R. Kramer M.D.
